Atkinson (George F.) Papers (1880-1918)

Correspondence between Professor George F. Atkinson, Head of the Department of Botany, College of Arts and Sciences, Cornell University and other botanists in American and foreign universities, Agricultural Experiment Stations, U.S.D.A., and others interested in and connected with the field of botany, and treating subjects of interest to botanists at that time, such as determination of plant specimens, especially of the fungi, questions of botanical nomenclature, matters concerning the teaching in and administration of departments of botany in universities and high schools. Collection also contains a complete diary of Professor Atkinson's trip to Europe in 1903 and a partial diary of his trip in 1905.
