2 copies - Restricted Theory of Relativity in Terms of Hyperbolic Functions of
Rapidity

16/6/564

16/6/564

Box 3 continued.

- 2 copies - Relativity Transformation of an Oscillation into Travelling Wave and De Broglie's Postulate in Terms of Velocity Angle
- 2 copies - What Has Engineering Education contributed to Scientific Progress and Invention?
- 2 copies - General Criterion for the Circular Locus of the Current Vector in A.C. Circuits and Machinery, by V.K.
- 2 copies - A Device for Demonstrating the Properties of a Simple Permutation Group, by V.K.
- 2 copies - Some Recent Changes in our Attitude Towards the Nature of the Physical World, by V.K.
- 2 copies - A Chart of Consecutive Sets of Electronic Orbits within Atoms of Chemical Elements, by V.K.
- 2 copies - On the Concentric Method of Education in Engineering, by V.K.
- 2 copies - The Human Side of the Engineering Profession, by V.K.
- Folder - 2 copies - On Experimental Representation of Low-Frequency Surges in Large Inter-connected Electrical Systems by Means of Equivalent Networks, by V.K.
- On the Concentric Method of Teaching Electrical Engineering, by V.K.
- 2 copies - General Criterion for the Circular Locus of the Current Vector in A.C. Circuits and Machinery, by V.K.
- 2 copies - A General Theory of Systems of Electric and Magnetic Units, by V.K.
- 2 copies - The "Heavisidion" - A Computing Kinematic Device for Long Transmission Lines
- 2 copies - Special Theory of Relativity in Hyperbolic Functions, by V.K.
- 2 copies - Parameters of Heating Curves of Electric Machinery.
- 2 copies - The Use of an Ordinary Slide Rule for Determining Full and Fractional Lens stops and Relative Times of Photographic Exposure
- 2 copies - Formal Unification of Gradient Divergence, and curl, by means of an infinitesimal operational Volume, by V.K.
- 2 copies - The Use of Superimposed Imaginary E.M.F's Currents and Fluxes in the Solution of Alternating-Current Problems.
- 2 copies - The Scope and Problems of Modern Physics. 1 page from General Electric Review, May 1930
- The "Indumor" - A Kinematic Device which Indicates the Performance of a Polyphase Induction Machine.

DEPARTMENT OF MANUSCRIPTS & UNIVERSITY ARCHIVES, CORNELL UNIVERSITY LIBRARIES, ITHACA, NEW YORK 14853-5301

Box 3 continued.

2 copies - Initial and Sustained Short-Circuits in Synchronous Machines

2 copies - The "C P S 'er"

2 copies - Hunting and Parallel Operation of Synchronous Machines

2 copies - Variable Armature Leakage Reactance in Salient-Pole Synchronous Machines

2 copies - A Graphical Theory of Traveling Electric Waves Between Parallel Conductors

2 copies - Mechanical Forces Between Electric Currents and Saturated Magnetic Fields

2 copies - A Case of Cultural Turpitude

On Continuous Threads of Activity

Folder - U.K.'s talks and Recreational Mathematics - The Next Dimension

An Address delivered before the District Convention of the American Institute of Electrical Engineers, Schenectady, N.Y. May 10, 1933

How Are The American Schools of Electrical Engineering to Adapt Themselves to the Changed Conditions In Industry

June 4th 1935 - To the Instructing Staff of the College of Engineering

Proposed Post-Graduate Courses in Engineering Subjects in New York City under the Auspices of the Society of Engineers

2 copies - Detroit Super Charger - October 1929

2 copies - Stevens Indicator - Oct 15, 1930 - Article page 219 - Why Study Mathematics, by V.K.

2 copies - Corona Ellipses, by V.K.

Corona Ellipses and A Graphical Theory of Traveling Electric Waves Between Parallel Conductors.

Reviews of Modern Physics - Vol. 16 - No. 1, January 1944

2 copies - The Secomer - A Kinematic Device which Imitates the Performance of a Series-Wound Polyphase Commutator Motor

2 copies - Finding Published Electrical Information

2 copies - from 'The Bent of Tau Beta Pi' for July 1945 - Rating of Executive Managerial or Administrative Ability

2 copies - Theory of Absorption in Solid Dielectrics

2 copies - A General Theory of Systems of Electric and Magnetic Units

Box 3 continued.

Some General Properties of Liquid Organic Dielectrics

2 copies - DoubleIntegraph for Electric Line Transients

2 copies - Some Kinematic Devices for Predetermination of Electrical Characteristics of Synchronous Machinery

2 copies - Scientific Articles by V.K., April 1938

For release on March 7, 1947 - Subject - The Young Engineer and Human Society

2 copies - Elements of The Theory of Relativity Treated Graphically

2 copies - (for immediate release) Re: retirement of V.K. from C.U.

2 copies - Articles and Papers on Engineering Subjects, by V.K., April 1938

2 copies - Excitation and Ionization in Gases by, H. Sohon, Cornell Univ., Ithaca, N.Y.
Feb. 1934.

2 copies - On Short-Circuiters. by V.K., April 1928

2 copies - A List of topics on which Vladimir Karapetoff keeps files of original articles cut out from various periodicals and 3x5 cards with items from "Science Abstracts"

2 copies - After Goat Feathers Have been Eliminated - or Kary's waking hours.

2 copies - Applications of Mechanics to Electrical Engineering, by V.K. - Talk given on July 9th, 1927 at ~~the~~ Ithaca, N.Y.

2 copies - Friendly Advice To A New Instructor in an Engineering Subject, by V.K.
Sept. 9, 1929

2 copies - Sesmad, or the Society for Encouragement of Separate Marital Domiciles.
by V.K., June 1929

2 copies - Some Fundamental Principles of Hamiltonian Mechanics - In terms of Collective Vectors and Differential Operators in an N-dimensional Representative Space, by V.K. - November 20, 1928.

Patentable Suggestions, by V.K. - G.E.Co., 1924-1931

To The Members of the E. E. Instructing Staff

Report of the Temporary Steering Committee of the E. E. Faculty Colloquium, May 16, 1935

2 copies - The Superposition Theorem or Duhamel's Integral - Lectures by V.K. Dec. 1932

2 copies - Advanced Course in Engineering 1930 - "A" Class, April 5, 1930

Theory of Electricity and Magnetism, V.K.

Computing Devices and Charts, V.K.

Mathematics, V.K. -----Relativity, V.K.
