Files Transferred to Archives -- 11/99

Chronological correspondence files for Library Directors/University Librarians. Please note that these files have been edited. Correspondence relating staff disciplinary issues and salary have been removed. Also removed was correspondence which had little subject matter other than a vague thank you or reference to previous correspondence. These files result from central administrative file "purging" in October 1999. Other correspondence can be found in administrative files that were sent to Archives prior to that time.
