Letter from Professor Clive M. McKay, CU, July 25, 1953, giving his impressions of Europe after a five-month stay in Switzerland; questions foreign aid that benefits only the rich, criticizes Americans living abroad and avoiding income tax; suggests that a part of the pay of US servicemen be impounded at home, so that they won't spend ostentatiously in Europe and thus cause hostility.

Box 166, Folder labeled "Norman J. Gould [1947-1953]"

[Gould of Goulds Pumps, Inc., Seneca Falls, NY; cf Acc. #2078.]

Some correspondence concerning Seneca Falls affairs on which JT might have some influence, such as site for Girl Scout camp, July-August 1947.

Mainly letters re political and economic issues before Congress, including:

TVA, January 9, 1948, "...when I [Gould] first went to Congress I had the pleasure of voting against 'Muscle Shoals'..."

NYS budget, February 18, 1948, "...am fearful that Dewey and his satellites...have messed things up." Encloses newsletter re state spending. JT's reply, Feb. 23, 1948, is also critical of Marshall Plan, as well as NYS spending.

One Hundredth Anniversary of Women's Rights Convention in Seneca Falls, March 1, 1948; re possibility of Elizabeth Cady Stanton stamp.

Hobart College, March 8, 1948, rather cryptic letter referring to a faculty member believed by "Les" [L. J. Snyder of Goulds Pumps] to be a "crackpot"; probably won't be there next year.

Frear Bill, March 29, 1950, expresses doubts about measure that would require companies with assets of $3 million and 300 stockholders to make full reports to SEC.

Views of President Truman's recommendations on Hoover Commission reorganization resolutions, also March 29, 1950, esp. in relation to position of General Counsel of the National Labor Relations Board and NLRB itself.

CC of letter (for JT's info.) from NJG to Senator Irving Ives [cf acc. #1913], November 27, 1950, concerning several matters:

1. Questions stockpiling of metals
2. Comments on Ives' view of Presidential powers in the field of foreign policy
3. Is pleased with Ives' proposal for remedying defects in Taft-Hartley Act and thus avoiding its repeal

Opposition to proposed Havana Charter for International Trade Organization (ITO), December 13, 1950; also questions Customs Simplification Bill that would make State Dept.'s General Agreement on Tariffs and Trade (GATT) effective; cc of letter, December
18, 1950 from NJG to the National City Bank of New York commenting on its newsletter, esp. in regard to copper and zinc stockpiling, non-military govt. expenditures, reduction of expenditures for public works.

Refers, January 17-1951, to contest over Kingsland Macy's seat in Congress (see file on Macy, p. 65C); thinks Macy got "'rotten'" treatment from certain persons in his district on election day.

"'Packaged Budget' problem," January 29, 1951; has discussed it with Garth Shoemaker of Elmira; concerning Sampson Base: "... Democrats had gotten a strangle hold. .."

Also on Sampson, July 13, 1951, is opposed to additional appropriations for landing strip—too much money involved and it would also take farm land.

Methodist Church in Seneca Falls, August 20, 1951, is concerned with financial needs of church; needs a loan from some source until pledges paid.

Requests info., January 23, 1952, on bills on improved Federal medical care and on reorganization of Internal Revenue.

Price controls, May 27, 1952; hopes for their elimination; refers also to Republican candidates for the Pres. election of 1952; "Our Taft situation Up-state is brightening. . . ." Also, JT's reply, June 3, 1952, analyzing how the various NY delegates to Republican National Committee will be likely to vote; mentions bad publicity for both Taft and Eisenhower over failure of those supporting each man to build up their own candidate and instead to tear down their opponent.

June 6, 1952, more from Gould on pro-Taft activity upstate.

International Materials Conference, June 12, 1952; Gould questions its activities in controlling production, conservation, and distribution of commodities in short supply in the "free world"; esp. opposed to US participation in UN committee on international commodity arrangements without approval of Congress; suggests perhaps appropriations committee of House or Senate should prohibit use of funds for this purpose; feels international groups had short-changed US in regard to copper supplies.

Also routine corres. through April 16, 1953; many carbon's of JT's replies, most of which are not noted specifically above; covering letters, form letters, clippings, etc.

Also exchange of letters with Atty. Ernest J. Gould, also of Seneca Falls, April-May 1947.
