There are four listings in this guide. One was made by the donor, and is a list of all the items he planned to give to the Department of Manuscripts and University Archives. This list is labelled "List I" and is not included with the researchers' copy of the guide in order to prevent confusion.

The second list (List II) was made by Barbara Shepherd on December 12, 1965, and includes those materials which were received in the original accession, November 11, 1965. Many, but not all, of the items on List I were received in this accession.

The third list (List III) was made by A.B. Levine in March 1966, and includes the items received in the second accession, February 11, 1966.

A fourth list (List IV) was completed in November 1967 at the request of IOGT. This list amalgamates both accessions and "interfiles" similar items from each accession into a particular order. However, this order is only on paper; arrangement of materials in boxes is according to Lists II and III.
