Pocket Directory
of the
Delta Phi Fraternity

Issued as of
January 1st, 1920

Compiled by
ARTHUR G. FRIELAND
Omaha, 1920
PREFACE

The pocket directories, distributed free of charge to all the members of the Fraternity in 1913 and in 1915, together with the supplement to the former, issued as of March 1st, 1915, have met with such hearty approval and have served so useful a purpose, that the Board of Governors have made it a policy to continue the issuance of such directories.

This directory is issued as of January 1st, 1923, with the addition of the names of the members of our new Tau Chapter at the University of Illinois and with such address changes as came in after January 1st, up to the time of going to press.

It is planned to issue a supplement as of January 1st, 1921 and then a new edition of the directory itself on January 1st, 1922. In other words, either a directory or a supplement will be distributed every year. To be of real service, this directory must be as nearly accurate as it is possible to make such a publication. To this end, the co-operation of the members of the Fraternity is absolutely essential. Each and every member is requested, immediately upon receiving this copy, to examine his own record appearing therein and to promptly notify the Secretary of the Fraternity, Brother Paul Garhard, 90 West Street, New York City, of any mistakes in the same. It will also be helpful to learn of any changes or address changes regarding the records of other members. Business addresses should be given in every instance possible, so that the directory may prove of general and practical value.

Much consideration has been given to the possibility of noting the professions followed by our members, but from a practical point of view, it has not been found advisable to do so. Many changes of addresses are received every week, and with many professional records to be changed thereby, it would be impossible to give the time to the correspondence which would be entailed, in order to keep this professional feature in correct shape, so the plan has been, at least, temporarily deferred.

It was hoped to be able to distribute this directory by March 15th, but delays, incident to the present situation in the printing trades, have made it impossible to send the matter to press until May 1st.
